## ABSTRACT

In the changed and vibrant business environment entrepreneurshiphas become a boon to contribute to the economy and necessary pre-requisite to mobilize funds, capital, explore the natural resources and create market to carry on trade (Harbinson and Myers 1984). The success of the entrepreneurship basically depends on support and coordination of various institutions in state and central government policies.

## REVIEWER COMMENTS

• This was a superb give an account of extremely intensive examination.
• The writing audit was careful, the approach was carefully exhaustive and fused the utilization of sufficient quantities of tests in dust size examination and blast tests.
