### ABSTRACT

The present study intends to examine the distribution of population and literacy in Sangli district of Maharashtra. It is based on secondary sources of data mainly collected from the census of India, 2011 and Socio-Economic Abstract Sangli, 2013. Percentage of population in rural as well as urban area has been computed. Literacy rate is calculated for the population above 6. The total population of Sangli district was 28, 22,143 in 2011.

### Introduction

Population and Literacy are important aspects. Population is the important resource and the literacy is the important indicator of human resource development. The distribution of population is more locational.

#### A Good Introduction :-

*Importance of the expected results to the general inqu Extremely briefly depict the exploratory configuration and how it achieved the expressed destinations.*

### Materials

The study is based on secondary sources of data mainly collected from census of India 2011 and socio-economic abstract of Sangli district 2013.

#### A Good Materials :-

*Materials may be accounted for in a different passage or else they may be distinguished alongside your systems. Inc or supplies that are not generally found in research centers.*

### Result

Must add result in your article.

#### A Good Result :-

*Results are as per aims and objective and useful to further research .*

### Conclusion

The total population in the study area was 28,22,143 comprising 14,35,728 male and 13,86,415 females in 2011. It is observed that 74.51 per cent population living in rural area and remaining 25.49 per cent in urban area. The tahsil such as Miraj (8, 54,581) identified with highest population and Atpadi (1,38,455) tahsil identified with lowest population in 2011.

#### A Good Conclusion :-

*Thus,the research have wider scope for new academician and research scholars.*

### HOW TO INCREASE API

#### Services for Associate Professor to Professor

- ★ Thesis convert into book.Publish in USA - 50 API Marks
- ★ 15 Articles from your Ph.D thesis - 150 API Marks
- ★ UGC Minor Research Project - 10 API Marks
- ★ UGC Major Research Project - 15 API Marks
- ★ Call for Book Chapter - 25 API Marks
- ★ 5 Seminar Paper presentation - 50 API Marks  
(we organize)

#### REVIEWER COMMENTS

- The writing audit was careful, the approach was carefully exhaustive and fused the utilization of sufficient quantities of tests in dust size examination and blast tests.
- I discover no shortcoming at all with the routines, information examination, or conclusions.
