ABSTRACT

Kurnool is the regarded as an industrially backward district in India. The rate of industrial development is reality low, through several measures have been initiated to accelerate industrial development in the district. These include offering investment subsidies, providing industrial infrastructure, extending vocational training support and offering concessional finances especially for the small and tiny units.

INDIAN STREAMS RESEARCH JOURNAL

Introduction

Kurnool District derives its name from its Chief town Kurnool the capital of Former Nawabs, Capital of Andhra Pradesh State from 1st October 1953 to 1st November, 1956 and at present the head quarters to the District. The name Kurnool is said to have been derived from "Kundanavolu".

A Good Introduction : -

Importance of the expected results to the general inqu Extremely briefly depict the exploratory configuration and how it achieved the expressed destinations.

Materials

Must add materials in your article.

A Good Materials : -

Materials may be accounted for in a different passage or else they may be distinguished alongside your systems. Inc or supplies that are not generally found in research centers.

Result

Must add result in your article.

A Good Result :-

Results are as per aims and objective and useful to further research.

Conclusion

The review of the problem expressed by the sample entrepreneurs reveals that non-availability of adequate finance, heavy and unhealthily competition from other firms, non-availability of skilled labour, poor marketing of the products, non-availability of water, lack of infrastructure and location of the units are the major problems faced by the small scale units in the district. Provision of institutional finance on liberal terms is very important to meet adequately the fixed as well as working capital requirements. Provisions of adequate infrastructural facilitate, marketing support and safe guards will facilities faster growth of small scale units in the district.

A Good Conclusion :-

Thus, the research have wider scope for new academician and research scholars.

References

Must add references in your article.

A Good References :-
