ABSTRACT

The present research was conducted on middle school students to analyze the impact of Parental Encouragement on Academic achievement. For this purpose a sample of 600 (300 boys and 300 girls) middle school students was selected from the Jabalpur city, by using random sampling technique. Parental encouragement Scale constructed by Dr. R.R. Sharma and Self made- Academic achievement questionnaire was used to collect the data. Results revealed that there is significant impact of parental encouragement on academic achievement
