REVIEW OF THE ARTICLE

Comparison Of Social Intelligence Of Adolescents In Relation To Their Gender And Residential Area

Meera Rani and Dr. Sheela Sangwan

ABSTRACT:

The TITLE matches with the contents of the paper Social Intelligence is of more importance in the present life style due to growing tensions stresses and various complexities. It can be learned, developed and used as an effective life skill for managing personal life, interpersonal relationships and achieving success in all the walks of life. The present research was conducted in Hisar district of Haryana state to study social intelligence of adolescents. Government Senior Secondary Schools from rural and urban area were selected.

INTRODUCTION:

Author introduced the topic neatly and clearly Social intelligence is the person's ability to understand and manage other people's feelings and to engage in adaptive social interactions. Social intelligence has two key constituents which are distinctly personal and social in nature, one is intrapersonal intelligence and other is interpersonal intelligence. Social Intelligence (SI) is the ability to get along well with others, and to get them to cooperate with you.

METHODOLOGY:

This study was conceptual in nature. Author described a variable under study in detail. Locale of the study: Haryana state was selected purposively as the locale for the present investigation because the researcher is student of CCS Haryana Agricultural University, Hisar. Selection of area: Hisar city was selected purposively due to easy accessibility of school having sufficient strength of students.

PRESENTATION OF RESULTS:

The amount of data presented was sufficient and appropriate. Tables, graphs, or figures were used judiciously and agree with the text Social intelligence of urban adolescents was better as compared to rural counterparts. Female's adolescents had better social intelligence as compared to male respondents. The study demands parental time and concern, social interaction and sufficient availability of required resources to boost social intelligence of adolescent.

REFERENCES:

Prior publication by the author(s) of substantial portions of the data or study was appropriately acknowledged.

RELEVANCE:

The paper is properly organized and demands appreciation. I think the paper will satisfy the interest of the readers.
