REVIEW OF THE ARTICLE

Influence Of Academic Support On Scholastic Performance Of High School Students- A Study

Ms. Papari Devi

ABSTRACT:

The problem statement was clear and well articulated Education is the dynamic process, which shapes and moulds the knowledge, character and behaviour of the young learners. Teachers is the most important one and is the pivot on whom the entire educational structure results. For better academic and scholastic performance of the students there must be have academic support and cooperation of the teacher and school. In this present study an attempt has been made to examine the influence of academic support on scholastic performance of high school students.

INTRODUCTION:

The introduction provides a good, generalized background of the topic that quickly gives the reader an appreciation Education in India comprises of two distinct stages- the stage of school education and the stage of higher education. School education can be divided into two stages- primary and secondary education. Secondary education is the second stage of school education.

METHODOLOGY:

The present study was exclusively realized on secondary data sources. It was purely descriptive type of research since it describes the facts relating to the problem. The study was conducted on a sample of 25 high school students who were selected randomly from one selected high school of Rangia municipality of Kamrup District.

PRESENTATION OF RESULTS:

The amount of data presented was sufficient and appropriate. Tables, graphs, or figures were used judiciously and agree with the text The main focus of the study was the academic support and its influence on scholastic performance of high school students. After analysis of data and interpretation of data it was found that for the scholastic performance of the students the material condition of the school is very important. To measure the academic performance of students examination plays an important part. Examination is process through which a teacher can evaluate the student's improvement on a particular subject. Audio- visual aids also play an important role in the educational process.

REFERENCES:

Prior publication by the author(s) of substantial portions of the data or study was appropriately acknowledged.

RELEVANCE:

The study was relevant to the mission of the journal or its audience. The study addresses important problems or issues; the study was worth doing.

FUTURE RESEARCH SCOPE:

1. INDIAN SUSTAINABILITY CONGRESS BANGALORE, India (<http://isustainability.in/>)
2. International Education Conference New Delhi, India (<http://sassconference.gnbo.com.ng/>)
3. A Training program on "Incorporation of Pedagogy in Engineering Education"(<http://cce.iisc.ernet.in/Pedagogy1.pdf>)
4. Internet Course on Environmental Management ([\">http://cce.iisc.ernet.in/EM_2013.pdf](http://cce.iisc.ernet.in/EM_2013.pdf))\
5. 8 major education projects announced by India, US (<http://www.indiaeducationreview.com/news/8-major-education-projects-announced-india-us>)

SUMMARY OF ARTICLE

		Very High	High	Average	Low	Very Low
1.	Interest of the topic to the readers	✓				
2.	Originally & Novelty of the ideas		✓			
3.	Importance of the proposed ideas			✓		
4.	Timelines		✓			
5.	Sufficient information to support the assertions made & conclusion drawn	✓				
6.	Quality of writing(Organization, Clarity, Accuracy Grammer)			✓		
7.	References & Citation(Up-to-date, Appropriate Sufficient)		✓			

Future Research Suggestions

This Article can expand further research for MINOR/MAJOR Research Project at UGC
