REVIEW OF THE ARTICLE

Socio-economic In Equality And Its Effect On Health Care Of A Family

Dr. Surekha Kheerasagar¹ and Mrs. Shakera Banu²

ABSTRACT:

The TITLE matches with the contents of the paper Socio - economic in equality it means income or wealth in equality captured only a narrow slice of inequality in society non income dimensions of inequality in health status and educational attainment are equally if not more important. the two dimensions , income and non income could be brought together to defined a broader measure of socio - economic inequality the relationship between unemployment and health had strong association between unemployment and poor health, while those in the poorest circumstances are in the poorest health, this is part of a broader social gradients in health.

INTRODUCTION:

Author introduced the topic neatly and clearly Economic inequality are most obviously shown by peoples different positions within the economic distribution - income pay, health. however, peoples economic positions are also related to other characteristics such as whether are not they have a disability, their ethic background income equality is the extent to which income is distributed unevenly in group of people, income not just the money received from employment

METHODOLOGY:

Author has not mentioned any specific methodology. This study was descriptive in nature. Must add methodology in your article. Methodology used to per research topic.

PRESENTATION OF RESULTS:

The amount of data presented was sufficient and appropriate. Tables, graphs, or figures were used judiciously and agree with the text A large number of factors contributed to social and ethic disparities in health status. health care professional researchers and policymakers have beloved for some time that access to care is the centrepiece in the elimination of these health access to care is including personal, financial and structural barriers. However in order to be effective in reducing disparities in health care and health status important limitations of previous studies need to addressing including the lack of control groups, non random assignment of subject to the not validates

REFERENCES:

Prior publication by the author(s) of substantial portions of the data or study was appropriately acknowledged.

RELEVANCE:

The paper is properly organized and demands appreciation. I think the paper will satisfy the interest of the readers.

FUTURE RESEARCH SCOPE:

1. Career For Faculty (<http://academicprofile.org/Professor/CareerForFaculty.aspx>)
2. Academic Plan (<http://academicprofile.org/Professor/AcademicPlan.aspx>)
3. Regarding Professor Promotion
(<http://academicprofile.org/Professor/regardingPromotion.aspx>)
4. Fellowship for Post Doctoral (<http://academicprofile.org/Professor/FellowshipForPD.aspx>)
5. Online Course on Research (<http://onlineresearch.in/Default.aspx>)

SUMMARY OF ARTICLE

		Very High	High	Average	Low	Very Low
1.	Interest of the topic to the readers			✓		
2.	Originally & Novelty of the ideas		✓			
3.	Importance of the proposed ideas			✓		
4.	Timelines	✓				
5.	Sufficient information to support the assertions made & conclusion drawn		✓			
6.	Quality of writing(Organization, Clarity, Accuracy Grammer)			✓		
7.	References & Citation(Up-to-date, Appropriate Sufficient)	✓				

Future Research Suggestions

This Article can expand further research for MINOR/MAJOR Research Project at UGC
