ARTICLE REVIEW REPORT

"A Comparative Study Among Orphan Students And Normal Students With Respect To Adjustment And Self Concept"

Narayan Vishwanath Budhavant

ABSTRACT:

The problem statement was clear and well articulated Objective of the present study to search the adjustment among orphan students and normal students. to examine the self concept among orphan students and normal students. Hypotheses: Normal Students will be significantly high adjustment than the orphan students. Normal Students will be significantly high self concept than the orphan students. Sample: For the present study 80 Sample were selected from Aurangabad town. 40 orphan students and 40 normal students.

INTRODUCTION:

The introduction provides a good, generalized background of the topic that quickly gives the reader an appreciation Psychological health can be considered as the combination of positive emotions and functioning with optimal effectiveness in the individual and social life (Deci & Ryan, 2008; Huppert, 2009). Various protective factors such familial support, parental care, social exposure and education play a vital role in development of psychological capacities such as self-worth, social competence etc. Good psychological health creates an effective and successful passage for persons from their childhood to adulthood (Parker & Benson, 2004).

METHODOLOGY:

Author has not mentioned any specific methodology. This study was descriptive in nature. Must add methodology in your article. Methodology used to per research topic.

PRESENTATION OF RESULTS:

The amount of data presented was sufficient and appropriate. Tables, graphs, or figures were used judiciously and agree with the text 1)Orphan student is significantly high adjustment than the normal students. 2)Orphan student is significantly high self concept than the normal students

REFERENCES:

Prior publication by the author(s) of substantial portions of the data or study was appropriately acknowledged.

RELEVANCE:

The study was relevant to the mission of the journal or its audience. The study addresses important problems or issues; the study was worth doing.

FUTURE RESEARCH SCOPE:

1. Career For Faculty (http://academicprofile.org/Professor/CareerForFaculty.aspx)
2. Academic Plan (http://academicprofile.org/Professor/AcademicPlan.aspx)
3. Regarding Professor Promotion
