DEVELOPMENTS AFTER LOC SKIRMISHES –INDIA AND PAKISTAN RELATIONS LOC SKIRMISHES

Deepa Viswam

ABSTRACT:

Massive exchange of fire across the LOC, India cancellation of foreign secretary talks after Pakistan high commissioner Abdul basit met Kashmir separatists and sharif reference to Kashmir during his address to the UN general assembly dashed these hopes. In a stern warning to Pakistan union home minister rajath singh said at an election rally in latur in Maharashtra that if Pakistani violations did not stop the army and every young Indian was ready to give a befitting reply to Pakistan. Army officers maintained that the continuous firing was a desperate attempt at pushing maximum terrorists into the Indian Territory ahead of the assembly elections in Jammu and Kashmir.

According to the senior officials in the defense ministry even 100 militants are being trained in more

than 20 terror camps in Pakistan occupied Kashmir.

KEYWORDS

Pakistan relations LOC skirmishes, Pakistani violations, Indian Territory ahead.

INTRODUCTION:

As India and Pakistan both announced injuries to more civilians in fresh border firing Islamabad raised the pitch lodging a protest with UNMOGIP, UN military observer group over India aggression. Indian officials said this was meaningless as New Delhi doesn't recognize the UNMOGIP as having the mandate to monitor the ceasefire between the two countries India has made it clear several times that UNMOGIP has outlived its utility and that it was made redundant following the 1972 Shimla agreement after the Bangladesh war.

India has maintained that UNMOGIP was established under a UN security council resolution and meant to supervise the ceasefire line established under the Karachi agreement of July 1949. The point however is that continuing calculated aggression for a long period assumes a special character this time Pakistan chose the eve of the Islamic festival of Id-ul-zuhu overlooking the solemnity of the occasion on which to launch its shelling and kept up the attack for full eight hours, It attacked across the international border and the line of control. There are implied suggestions in these actions that aggression is likely to be sustained. The editorial of the Deccan chronicle "the fact that India has always given back as good as it got except when I did not open hostilities following the attack on Mumbai in 2008 which was then the sensible thing to do.

The editorial of the Hindu it can now to legitimize asked if the situation at the LOC still qualifies to be called a ceasefire. The firing is not restricted to LOC it has affected even the international border which Pakistan has not occupied fully and continues to call a working boundary.

It has become all too clear in recent months that the mechanism that the two countries have put in place to deal with ceasefire violation.

Provision for meetings between field commanders and a hotline between the directors general of military operations have not succeeded in calming tensions at the LOC.

The editorial of the Hindu emphasized that new Delhi must call for the talks without delay it is also truce violations are a cover for militant infiltration from Pakistan controlled territory.

The November 2003 ceasefire allowed India to complete its fencing of the LOC and stop infiltrators from Pakistan and the demilitarization of cities in the valley saw strengthening of local police and paramilitary repopulating of border areas and a drastic drop in complaints of human rights violations,

The LOC with its fences outposts and crossing points is for all practical purpose a border and only an unconscionable amount of blood letting could change even a millimeter of it.

When Kashmir's travel from one side of the LOC to the other they show identification passports of India and Pakistan something both countries have acceded to.

It is worth consolidating on the gains of the ceasefire line and proposes another defense a few kilometers behind the present one of the lines of a demilitarized zone.

First at the United Nations general assembly Pakistan Prime Minister Nawaz Sharif mentioned a plebiscite and made references to violence against Kashmir women in particular followed by Pakistan interventions in Kashmir at the UN (decolonization) committee. Foreign affairs advisor Sartaj Aziz spoke to the UN secretary general and wrote the UN several times linking border firing with the resolution of the Kashmir dispute clearly the idea is to internationalize the Kashmir conflict as it had been two decades ago before former Pakistani president Pervez Musharraf and Manmohan Singh charted a new course in bilateral engagement.

The strategy of times of India editorial where the plans for the challenges offered by Pakistan one option is for New Delhi to open direct channels of communication with Pakistani army. The latter anyway

influence Islamabad India policy and would be in a better position to commit to an understanding. The government needs to be better prepared to deal strategically with Pakistan. In the news story on October 9, 2014 India rules out talks till pak guns fall silent on border.

Article 370

Maharaja Hari Singh toyed with the idea of becoming an independent ruler. Being a Hindu he also realized that if he acceded to India he would have no future in Pakistan. And he acceded to India his future would be no different. Jinnah ordered an invasion of Kashmir on October 2, 1947 that in spite of state forces the enemy reached Baramulla on October 25. Maharaja fled to Jammu. It was these circumstances Maharaja signed the instrument of accession on October 26, 1947. In his letter to Lord Mountbatten his accession confined to defense, communication and currency. Sheikh Abdullah was found negotiating with US Abdullah to implement that constitution. Dr. Ambedkar refused and then Nehru commissioned N. Ayyangar to draft special article for Kashmir. The matter being referred to United Nations Ayyangar and Patel did not refuse. Sheikh Abdullah used instrument of article 370 to implement that Indians insisting Kashmir should take a permit. The Indian flag was not flown in Kashmir and no Indian could buy Indian immovable property in Kashmir.

Part C which dealt with ascertaining the wishes of the people of the state, if part B of the UN resolution was implemented accepting it as it would be no different for both countries.

China as Observer

Prime Minister Modi has done well to shoot down Pakistani proposal to improve China's present status of observer. This was one not because India is scared of China but because Pakistan had a sinister motive in mooted the proposal.

He reiterated that India's position that "talks for the sake of talks" could not be held and the dialogue if held mutually beneficial. Several serving and former Nepalese Ministers pressing their full membership for China in the eight member South Asian grouping founded in 1985 through a publication of the Chinese news agency Xinhua.

Prime Minister Narendra Modi held bilateral meetings with all SAARC leaders except Pakistan PM Nawaz Sharif on the sidelines of the regional group summit. But despite pressure from host Nepal no meeting could be scheduled between Mr. Modi and Mr. Sharif.

The bold letter news story PM Modi and his Pakistani counterpart Nawaz Sharif who were sitting two seats away from each other did not look to each other even Sharif crossed before and after delivering his speech. Delhi plans to have an agreement on strengthening road and rail communication among member countries reached at (SAARC) in Kathmandu failed due to the intransigence of Pakistan.

The issue gained various connotations suggesting that Beijing was using Nepal to muscle its way into the grouping. Foreign Secretary 'Salman Haider' pointed out smaller countries in SAARC have been interested in having China as an observer.

Election

Look at the statistics

The BJP won 25 seats followed by PDP 28 seats. The national conference around 15 seats and

congress 12 sajjad lone-2 seats and independent seats-4 .the people of J&K used their ballots to defeat bullets from across border .the record voter turn out symbolism their faith in india and its instrument of impartial governance on December 24,2014,

The voters of J&K have given a fitting reply to the separatists who called for a boycott of the elections by turning up in large numbers at all polling booths. All factions of the hurriyat and JKLF were united in calling upon the voters to boycott the polls .the people did not give a hoot to their call.This proves that the separatists are just paper tigers ,
