#### ABSTRACT

Rural development and poverty eradication have emerged at the top most of the agenda of the national policies in India since the planning era began. But the policies and the strategies of alleviating poverty did not succeed to reach the goals. Most of these programmes massively suffered from targeting errors and leakage. Therefore, the absolute numbers of the impoverished has remained almost same throughout the decades of independence in spite of various efforts made by the government..

## REVIEW OF THE ARTICLE

### Right To Work And How It Is Being Executed In West Bengal : A Case Study

Tithi Bose

#### Abstract:

The present study has been done to study Right To Work And How It Is Being Executed In West Bengal . The abstract was complete and essential details were presented.

#### Introduction:

Adequate days of employment and income generation are the twin objectives of an employment guarantee program, which functions as a safety net and aims at eradicating poverty. In India, Government at several times has gone for wage employment programs as an integral part of poverty eradication because the poorest are not able to avail sufficient days of employment to guarantee their bare subsistence. Introduction given by the author was justifying. Significance of the area under study mentioned clearly in Introduction.

#### Reference to the Literature and Documentation:

The references were mainly primary sources. Ideas were acknowledged appropriately and accurately. The literature was analyzed and critically appraised.

#### Methodology:

Author mentioned objectives of the study clearly. This was an empirical paper based on data collected by survey method. Total five hundred participants working under NREGS were interviewed at different work sites randomly to collect data on their socio- economic status of their households, educational level ,days and forms of employment , involvement with panchayats, political and democratic participation. The design allows for unexpected outcomes or events to occur.

#### Presentation of Results:

The results were complete. The amount of data presented was sufficient and appropriate. Tables, graphs, or figures were used judiciously and agree with the text.

#### Scientific Conduct:

There were no instances of plagiarism. Ideas and materials of others are correctly attributed.

#### Relevance:

The study was relevant to the mission of the journal or its audience. The study addresses important problems or issues; the study was worth doing.

#### Points to Improve:

- 1.Length of paper was too long, try to eliminate secondary information.
- 2.Conclusions must be clearly stated.

**SUMMARY OF ARTICLE**

No.		Very High	High	Average	Low	Very Low
1.	Interest of the topic to the readers	✓				
2.	Originally & Novelty of the ideas		✓			
3.	Importance of the proposed ideas		✓			
4.	Timelines	✓				
5.	Sufficient information to support the assertions made & conclusion drawn			✓		
6.	Quality of writing (Organization, Clarity, Accuracy Grammer)		✓			
7.	References & Citation (Up-to-date, Appropriate Sufficient)	✓
